The 6th Annual Total Sunshine School Grade Rewards Ceremony was held on June 19th 2014 at Roosevelt High School. Honorees with friends and family gathered at the Roosevelt High School auditorium to be celebrated and supported by Total Sunshine for their educational prowess. Every student was supported with educational tools for college and beyond. I believe it was Eleanor Roosevelt who said, "The future belongs to those who believe in the beauty of their dreams." And these young men and women exemplify the desire to dream big; we celebrated them on this day. one, because of their diligence and two, because they stand as an example for others to follow.

6th ANNUAL SCHOOL GRADE REWARDS CEREMONY

Now those who come after our celebrated valedictorians and salutatorians know that there's an organization like Total Sunshine, with Volunteers, Educational Representatives, Community Leaders, and contributors that want to see them succeed. Ms. Johnnie Scott-Rice (Chair of the Washington Metropolitan Chapter of the National Congress of Black Women) gave a great Keynote Address! "Be bold" she said, "but be careful," Ms. Rice shared the podium with Mr. Patrick D. Mara (DC State Board of Education) Mr. Barry Lenoir (President of The United Black Fund) Mr. Porter Lawson (Chaplain-DCFD) Ms. Nina Albert (Director, Community Affairs at Walmart)
